*Without ground support, there is no air support.*

# MHU-110

Part Number: 68E6900-50  
NSN Number: 1740-00-403-8235

The MHU-110/M munitions trailer is a ten-wheeled, three axle automotive type steering vehicle capable of transporting loads of up to 15,000 pounds.

The trailer is designed to transport air-to-ground munitions and has a service life that exceeds 20 years. Its main use is for temporary storage and transportation of a variety of munitions and other stores.

PDI has manufactured and delivered approximately 1,500 units over the past 25 years. There are over 25 air forces using the MHU-110/M today.

# MHU-141

Part Number: 748500  
NSN Number: 1740-01-031-5868

The MHU-141/M munitions trailer is a nuclear certified, four-wheeled automotive steering vehicle capable of transporting loads of up to 5,700 pounds.

The trailer is designed to transport air-to-air and air-to-ground munitions and has a service life that exceeds 20 years. Its main use is for temporary storage and transportation of a variety of munitions and other stores.

PDI has manufactured and delivered approximately 2,000 units over the past 25 years. There are over 30 air forces using the MHU-141/M today.

# MHU-110 AND MHU-141 MODIFICATION KITS

Extends the service life of aged munitions trailers

## MHU-110

Part Number: 1-910  
NSN Number: 2590-01-554-5181

## MHU-141

Part Number: 3-913  
NSN Number: 2590-01-622-2465

Both kits include:  
Lightweight Aluminum Drawbar (PDI part no. 3528)
